Design & Development Skills

- HTML
- CSS
- JavaScript(beginner level)
- Git & GitHub(learning)
- Responsive Web Design
- Wireframing
- Prototyping
- User-Centered Design
- Design Thinking
- Learning UI/UX Design using Figma
- Aspiring UI/UX Designer

Soft Skill

- Communication
- Team Collaboration
- Problem Solving
- Quick Learner
- Attention to Detail

Education Background

- Delhi Technological University
*B.tech in computer science
engineering 29'*
- Shahid Ashok major
Shehrawat Sarvodaya Kanya
vidyalaya, Mahipalpur Delhi
110037
Completed in 2024
- Paramount Academy
Completed in 2022

About Me

Motivated Computer Science undergraduate at Delhi Technological University (DTU) with a passion for technology, design, and innovation. Possesses foundational skills in web development, responsive design, and collaborative problem-solving. Eager to contribute to meaningful projects while continuously learning and growing in dynamic professional environments.

Professional Experience

Personal Portfolio Website

- Designed and developed a personal portfolio website using HTML and CSS to showcase profile, skills, and projects.
- Implemented responsive layout to ensure proper viewing across mobile, tablet, and desktop devices.
- Used structured sections such as About, Skills, Projects, and Contact for better user navigation.
- Focused on clean UI design, spacing, and typography to improve readability and user experience.
- Practiced modern layout techniques like Flexbox/Grid for alignment and responsiveness.

Simple To-Do Page (Learning Project)

- Built a basic task management webpage while learning JavaScript fundamentals.
- Implemented DOM manipulation to dynamically add and delete tasks.
- Used event listeners to handle user interactions like button clicks and input actions.
- Improved understanding of variables, functions, and logic building through practical implementation.
- Focused on writing clean and understandable code while practicing frontend development concepts.

Achievements

- Participated in tech events
- Actively learning Web Development
- Regular coding practice and exploring skills.
- Actively exploring Web Development and UI/UX Design.
- Regularly practice problem-solving and programming fundamentals.
- Participate in technical workshops, webinars, and learning communities.
- Continuously building projects to strengthen technical and design skills problem solving,
